Manning can boast of some very fine corn. Dr. S. C. C. Richardson than five feet six inches to be a short, and has a very fine field, that will probably yield fifty bushels to the acre, and Mr. John Thames is said to have some bottom corn that will yield seventy-five bushels to the acre.

Mrs. J. M. Spann, of Sumter, died Monday, July 9th. Mrs. Spann was about twenty-five years of age, and leaves a husband and three little children. Mr. and Mrs. F. N. Dr. A. Coke Smith made a very interesting address last Saturday at Jordan. Several parties from Manning attended, and all were delighted with the address. A collection for repairs on Wofford College was taken, and about \$85 realized. He preached at Jordan Sunday morning, and at Wilson's Mill Sunday night.

Changes in the railroad schedule were made last Sunday. New schedules will appear in the Times next week. Only slight changes bave been made in the south bound trains, these trains getting here a few minutes earlier; but both north bound trains get here earlier. A Convincing Argument.

Dr. Vincent says that he never denounces people for playing at cards, dancing and theatre-going, because they are not absolutely, but relatively wrong. But he leaves the adoption of these amusements to the judgement of the young people in this way "I draw a picture of Rev. Dr. John Hall, for an evening, dancing themselves red with half-dressed women, or going to the theatre. They always seem shocked at the mere mention of such conduct by such Christians. But I ask them if they don't want as good place in heaven as a bishop shall have. And then I tell them that if they can approve of these amusements in church leaders, then of course they may ask the leaders to approve the same in them; otherwise, not." It is a good putting of the

College should be taken away and made an institution to itself, Mr. Tindal made the invited and will probably come, although assertion that the sons of farmers in the S. C. College were considered and looked upon by the professors and the other students, as an inferior class of boys.

Now, right here I would ask Mr. Tindal where he got this most wonderful stock of information. Most certainly not from observation; for he has been repeatedly and cordially invited to visit the College, and make a personal inspection of the agriculture and mechanic feature, but I am satisfied that he did not visit the institution wice : nav. once?

If he make this statement upon information, why did he not give his informant? It would have been so easy to have done so. t would have relieved his audience of the belief that it originated with him. I do not retend to know how long Mr. Tindal or his informant stayed in the S. The above letter is written by the son of farmer, and a boy that attended the College. Is it in accord with what Mr. Tindal claims? We would suggest, as a voter, that Mr. Tindal load his political gun with more palatable facts in the future, that he may the better bag the whole covey.

Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Somethree years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons, Liver Regulator and I feel confident health will be restored to all who will be advised."—WM. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Among a dozen dyspeptics no two will have the same predominant symptoms. Dyspeptics of active mental power and a bilious temperament are subject to Sick Headache; those, fieshy and phiegmatic have Constipation, while the thin and norvous are abandoned to gloomy forebodings. Some dyspeptics are wonderfully forgetful; others have great irritability of temper.
